PROJECTS

Property Management Application

est. completion Feb. '20

katiewrennhansen.com/projectpages/crm.html

- Developing a CRM to support and facilitate interactions between real estate companies, brokers, property owners, and tenants
- Utilized React and RESTful API calls to construct product features including authentication, property listing, facility maintenance management, customer management and lease management
- Collaborated with Back-End Developer and practiced Agile Scrum methodology by organizing user stories into sprints, tracking tasks using Kanban and holding frequent meetings to reassess goals
- Designed responsive UI for both mobile and desktop using AdobeXD

Compostable

compostable.now.sh

- Utilized React, Node.js, SQL and PostgreSQL to develop an application with messaging and geocoding capabilities to connect users with local composts

DevTracks

dev-track.now.sh

- Developed web application to organize non-traditional learning resources

WORK EXPERIENCE

Freelance Web Developer, Raleigh, NC

Aug. '19 - present

- Utilized HTML, CSS, JavaScript and React to design and develop websites for Otus asio Tours, The Performance Coach and a property management application

Health Fitness, Cisco Systems, Raleigh, NC

Oct. '18 - Nov '19

Interim Marketing Coordinator/Health Fitness Professional

- Created and updated blog posts using HTML and CSS
- Used Canva and Gimp to develop marketing materials for program promotion
